The Adams County Crippled Children's Society conducted its annual election of officers Tuesday afternoon at a postponed meeting of the board of directors but Dr. Clarence Bartholomew will continue as president until a successor is found. ## South Koreans Demand U.N. Withdraw Prisoner Plan

**By BILL SHINN**  
SEOUL (AP)—Irate South Korean assemblymen today called for withdrawal of the United Nations' latest plan to break the Korean War prisoner deadlock. They called it a "disastrous and surrendering trace."

An Assembly delegation asked for a meeting with Lt. Gen. William K. Harrison, chief Allied trustee delegate, to demand that the proposal be scrapped. Harrison said he would try to arrange the meeting tomorrow.

In many capitals of the free world, the U. N. proposal drew favorable comment. Both Britain and India warmly endorsed it. Indian Prime Minister Nehru said he would be surprised if a cease-fire were delayed much longer. The U. N. plan reportedly follows closely one sponsored by India which the U. N. adopted last December.

**Cites British Pressure**  
After a meeting with South Korean President Syngman Rhee and other top ROK officials, Assembly vice chairman Soon Chi Yang implied that pressure from Britain was partly responsible for the proposal which he denounced as a "dishonorable and surrendering trace."

"British troops in Korea should pack and go home," he said.

British Prime Minister Churchill said his government and other United Nations were consulted in preparing the proposal.

The plan was handed to the Reds Monday in a secret session at Pannunjom. The talks were re-

## BUILDERS SHOW TO BE HELD HERE OCTOBER 29-31

Members of the Exchange Club held a program planning meeting Tuesday night in connection with the weekly dinner meeting at Banker's Restaurant, with one of the largest attendances in some time.

The proposed Builders Show, which the club voted a week ago to hold this fall was discussed at length and it was decided to hold the affair in the Hotel Gettysburg annex auditorium Thursday, Friday and Saturday nights, October 29, 30 and 31.

The club will sponsor the show, renting spaces for booths to building material firms, distributors, appliance dealers and others. A grand award will be given away on the third night. The show will open each evening at 7 o'clock and close at 11 o'clock. President Robert P. Snyder said he would announce committees later.

**Plan Joint Meeting**  
At the request of Crosby N. Hart, head of the Civil Defense Ground Observers Corps, the club voted to meet with the Lions, Rotary and Sororities Clubs for a discussion of Civil Defense plans. The place has not been decided, Secretary John J. Sienitz said.

**Ernest Simpson, chairman of the Tennis Courts Committee, reported that work on the new courts, the club's gift to the Recreation Association for community use, is progressing, but that rainy weather has caused delay.**

The meeting Tuesday night was the last to be held at Banker's Restaurant for the summer. Next Tuesday night's dinner meeting will be held at Woodlawn Park, Lincoln Highway, west of Gettysburg.

## ERECT SIGN ON HOSPITAL LAWN

A 12-foot sign, three feet high, the gift of the Exchange Club of Gettysburg, was being erected today on the lawn in front of the Warner Hospital.

It bears the words "Anne M. Warner County Hospital," in gold letters on a green background, and was built and painted by Eugene S. Sickles.

The word "commem" was included on the sign at the request of the Board of Directors of the hospital, who pointed out that it is a community institution, not restricted to Gettysburg only.

Erection of the sign was another of the projects of the Exchange Club, adopted with the thought that many persons from out of town, who came to visit patients at the hospital, do not know its location. There was previously no sign in front of the buildings.

The club plans to hold ceremonies later presenting the sign to the Board of Directors.

### TO ADDRESS GRADS

Two members of the Gettysburg College faculty will deliver commencement addresses to graduating classes of nearby high schools on Thursday evening. Dean W. E. Tilden will speak to the Waynesboro graduates on the topic "What Now?" Dr. Harold Dunkelberger will speak to the Class of 1953 at Dallastown High School on "Life's Bridges."

## BETA SIGMA PHI PLANS FESTIVAL

Plans for a strawberry festival to be held June 13 under sponsorship of the Epsilon Delta Chapter of the Beta Sigma Phi Sorority were outlined at a meeting of the group held Tuesday evening at the Sorority House, E. High St., with Mrs. Marie Kuhn, the president, presiding.

The festival will be held on the lawn at the residence of Miss Mary Heintzelman, 206 York St., from 3:30 to 8:30 p.m. In case of inclement weather the affair will be held at the Sorority House. Tickets are obtainable from members of the organization. Miss Heintzelman and Miss Mary Kay Baughman will serve as co-chairmen, assisted by Miss Nickle George, Mrs. Janet Brown and Mrs. Marjorie Hinkle.

**Reports On Conference**  
Mrs. Doris Oyler, chairman of the Ways and Means Committee, announced plans for a food bazaar to be held Saturday, June 6, at the Sorority House.

Miss George reported on the Middle Eastern Area conference held May 23 and 24 at Philadelphia with Miss Eunice Harlan, international vice president of Beta Sigma Phi, as guest with 500 members attending.

**Reds Are Favored**  
The five nations are India, Switzerland, Sweden, Poland and Czechoslovakia, the latter two Soviet satellites.

The assemblymen said the Reds would have a majority on the commission because India was "pro-Communist."

In Washington, President Eisenhower said the U. S. with the backing of its allies, will hold fast to the principle that prisoners will not be forced to return to Communism.

Eisenhower made the statement after South Korean Ambassador You Chan Yang denounced the plan to the U. S. State Department.

## Dr. Weigle Tells Littlestown Graduates They Face Era Of Danger But Of Great Promise

"These days are more freighted with foreboding and more pregnant with promise than any period since the beginning of the Christian era and the fall of Rome," the Rev. Dr. Luther A. Weigle, Littlestown native, dean emeritus of the Yale Divinity School and chairman of the Standard Bible Committee of the National Council of Churches of Christ, told members of the graduating class of Littlestown High School at commencement exercises held Tuesday night in the school auditorium.

"As you have studied about the creative persons and crucial periods of human history, I am sure that you have sometimes thought how wonderful it must have been to live then, when great decisions were being made and destiny hung in the balance. You have your wish. Never before have men and women of faith had so great an opportunity and responsibility for the creative deed which new conditions of world citizenship require. If we have the mind and heart and will for it, true to our heritage of faith, the 20th century will witness a new birth of freedom for all mankind."

**"Our Daily Bread"**  
Dr. Weigle declared that if God's will is to be done on earth as it is in Heaven, it must be done by people, and people must live, capable in body and mind if they are to fulfill God's purpose for them. "The Christian faith is for this world as well as for Heaven. It is concerned with people's bodies as well as with their souls," he said, in calling attention to the meaning of one of the petitions of the Lord's Prayer, "Give us this day our daily bread."

Tracing the history and the controversies of various translations of the Bible, and the work of those who produced the new revised standard edition of the Bible, Dr. Weigle said, "When we say 'Give us this day our daily bread,' we declare our faith that life and its sustaining are God's gift, and we express our trust in His constancy and our gratitude for His love."

**Yet God's gifts are not to the idle; they must be sought, cultivated, produced and distributed by people. The development of sciences and the arts, the practice of sound economics and effective politics, and the putting of these to the service of social justice and good will are essential to the fulfillment of this prayer. Only as people seek His kingdom and His righteousness can God's constant be of full effect in human life.**

**Must Work For All**  
"We would be utterly unrealistic if we were not to remind ourselves and to confess to God that His provision for human welfare is far from being put into full effect in this present time. Millions of men and women and children are not receiving their daily bread today. Undernourishment, hunger, even starvation, are their lot."

"We can sincerely pray the prayer which our Lord taught us only as we constantly remember that it deals with more than our individual need. We can offer this prayer: sincerely only as we identify ourselves with the needs of all mankind and are willing to labor as well as to pray that all may have their share of God's good gifts."

**The Lord's prayer is for nations as well as for individuals. No nation has been or is more blessed than we of the United States of America, both in material resources and in our great heritage of human freedom. The idea that we could live to ourselves, in isolation from the common weal or woe of mankind, has been dispelled by the tragic events of our time. We must take our places among the nations of the world, and share with them the responsibility for human welfare—not as dictator or exploiter of less privileged peoples, but as friend and helper. We can do this successfully only as we embody in our national life and policy the full spirit of the Lord's Prayer."**

**God's Ultimate Triumph**  
Quoting from the revised Bible, Dr. Weigle said: "We know that in everything God works for good with those who love him." May we not take this as our text for our time? We can and do believe in the possibility of human progress, because we believe in God, and in the ultimate triumph of His will. But we must do our part. The tomorrow to which you look forward is one of danger but of great promise."

The commencement program opened with the processional march "Pomp and Circumstance," by Edgar, by an instrumental ensemble. The invocation was given by the Rev. G. Howard Koons, pastor of Christ Evangelical and Reformed Church. A musical reading, "The House By the Side of the Road," S. W. Foss, was given by Shirley A. Stoneress, the salutatorian, accompanied by Diane E. Sambaugh, Donald V. White, valedictorian of the class, presented the valedictory speech on

## OLD PAINTING PRESENTED TO L. S. SEMINARY

A 120-year-old painting of a former professor of the Gettysburg Lutheran Theological Seminary, which has hung for that number of years at the seminary, was presented Tuesday to Lutheran Southern Seminary, at Columbia, S. C., by Dr. Abdel Ross Wentz, professor of church history here and former seminary president, on behalf of the Gettysburg institution.

The portrait in oils is of Dr. Ernest Lewis Hazelus, professor at the seminary here, 1830-43. It was painted in 1833 by a Baltimore artist, who was paid from a fund raised by the faculty and students of the seminary just prior to Dr. Hazelus' departure for the southern seminary, where he was president from 1833 until his death in 1853.

Dr. Hazelus came to Gettysburg from Hartwood College, Ontario, N. Y. Of interest in connection with the presentation of the portrait by Dr. Wentz is the fact that Dr. and Mrs. Wentz's son, Frederick Wentz, now a professor of religion and church history at Hartwood, will leave there and go to Columbia to become teacher of church history in the southern seminary this fall.

**Speaks At Dedication**  
The presentation of the Hazelus portrait, which had hung in the library at the Gettysburg seminary, was authorized recently by the local faculty.

When Dr. Hazelus was president and administrator, and "the entire faculty" at the southern seminary when it was a small and struggling institution, it was located at Lexington, S. C., 20 miles from its present location at Columbia, where it is now a large and flourishing institution, according to Dr. Wentz.

During his visit to the seminary, Dr. Wentz was the principal speaker at the dedication of a new library building. He also visited the tomb and the former home of Dr. Hazelus, now a southern Lutheran "shrine."

## IOOF MEMORIAL SERVICE HELD HERE TUESDAY

The charter was draped and sprigs of evergreen placed on it in remembrance of three members who passed away during the year at memorial services held by the Odd Fellows Tuesday night in their lodge rooms on Chambersburg St.

Those who died since the last memorial service were C. Arthur Brame, January 10; Ernie Myers, January 10, and Henry W. Garvin, January 15. A wreath was placed at the charter in remembrance of all members who died in previous years.

The Rev. Dr. Howard S. Fox, pastor of Trinity Evangelical and Reformed Church, was the speaker. The service opened with the singing of America and invocation by Dr. Fox.

Taking as his subject the title of the book "For Whom The Bell Tolls," Dr. Fox said, "We have ways which lose to our communities and to the service of these communities many of the best of our young people at a time when they are approaching their greatest usefulness."

**Futility Of War**  
"We need to think of these things as we deplore the useless ruthlessness of wars and the futility of battles which remove many of these young people from our midst, and hope and pray that the time will come when wars will cease and these lives sacrificed in war will remain with us in service to their communities and happiness to themselves."

A quartet composed of members of the Gettysburg Lions Club, John Kendelhart, Dr. Clarence Bartholomew, Paul Grove and David W. Bloser III, sang three numbers.

John D. Seale acted as chairman of the program, and in reading the memorial ritual paid tribute to the departed members. "They will be sadly missed, but the memory of them will remain," he said. "It is fitting that we should drape our charter and by so doing pledge ourselves to extend our sincerest sympathies to those near and dear to them and give a helping hand to those who were their best friends but are now their greatest mourners."

Members of the Canton under the direction of Commander Wilbur Nett gave a drill, and the charter was placed for draping by Kenneth Thomas and Richard Cozz. The charter was draped by Noble Grand C. Leslie Fair and Vice Grand Jay Wright.

John Austinbaugh sang three solos, accompanied by her mother, Mrs. Fred Swisher. The wreath was placed on the charter by Thomas Trayer.

Thomas Winebrenner acted as chaplain, and the program closed with the hymn, "Blest Be The Tie That Binds," and the benediction by Dr. Fox.

## Blue And Gray Veterans Talk With Commander Of Legion In Three-Way Telephone Hookup

Through arrangements made by Lewis K. Gough, national commander of the American Legion, the last survivor of the Grand Army of the Republic and one of the last four survivors of the United Confederate Veterans exchanged greetings and good wishes recently in a three-way telephone hookup.

The story was told in last Sunday's "American Weekly" magazine of the Philadelphia Bulletin by Commander Gough, who says the exchange of greetings was suggested and arranged with the help of the magazine.

The two veterans, Albert Woolson, 106, last survivor of the "Boys in Blue," and John Salling, 107, who wore the gray, were contacted, Woolson at his home in Duluth, and Salling near Fort Blackmore, Va., where he lives with a daughter.

"At one end of the line was the entire Union army," said Commander Gough in his account of

the occasion. "One quarter of the Confederate Army was at the other end. Each said 'God Bless You.' Both of these veterans had attended the 73rd Reunion of the Blue and Gray in Gettysburg in 1938. Commander Gough made the third party in the three-way telephone conversation. He wrote:

"Then I told them of our great hope to bring them together in person at Gettysburg or the national capital or some other appropriate place."

## 8 ADMONITIONS GIVEN SENIORS AT BIGLERVILLE

Eight admonitions were given to the members of the graduating class of Biglerville High School at the sixth annual commencement exercises held Tuesday night in Memorial Auditorium. South Mountain Parkgrounds, by the Rev. Dr. Allan S. Meek, president of the Lancaster Seminary of the Evangelical and Reformed Church.

Speaking on the subject of "I Was 18 Again," Dr. Meek told graduates to "watch your health; be ambitious, but learn to do one thing well; have a surplus of grit; be kind and cheerful; be a good sport; never be threatened; do not have as many love affairs as there are roses in June and blackberries in July; and give the flower of your youth to Jesus Christ, do not throw the ashes of a misspent life into God's face."

In speaking of the value of the instruction just completed, Dr. Meek said this was only preparation for meeting later crises in life, in going on the higher education, or taking the graduate's place in the world today.

"These admonitions I have given you will help you to become a worthwhile citizen and one who will win respect and affection from the community and from wider circles in your years to come," Dr. Meek said. "They will cover your life's work, your home life and your religious life, adding to your enjoyment of life and your success in it, and giving comfort and pleasure to others."

The admonitions to the 71 graduates, 15 in the academic curriculum, 23 in the commercial, 18 in the industrial and 15 in the vocational, were presented by Dr. J. L. Boyer, president of the joint school board. The class was presented by Prof. Charles L. Yost, high school principal. Honors and awards were made by C. P. Keefer, administrative assistant.

## EASTER SEALS CROSS \$2,336; ELECT OFFICERS

The Adams County Crippled Children's Society conducted its annual election of officers Tuesday afternoon at a postponed meeting of the board of directors but Dr. Clarence Bartholomew will continue as president until a successor is found. The presidency was not filled Tuesday and Bartholomew cannot be re-elected because of a two-term constitutional limitation on the office of president.

The other officers, elected by acclamation, include: Russell S. Hackman, Biglerville, vice president, succeeding J. D. Miller, also of Biglerville; treasurer, C. A. Wills; assistant treasurer, Miss Elizabeth Evans, both re-elections, and secretary, Miss Bettie Livermore, succeeding Mrs. Henry T. Bream.

Dr. Bartholomew presided at Tuesday's meeting at which Miss Evans reported the Easter Seal sale brought in a total of \$2,336.87 and coin boxes netted an additional \$124.84. Coin boxes were used for the first time this year. Miss Evans' treasurer's report showed the society paid \$13 of an \$18 bill for special shoes for a crippled boy and paid \$33 for a pair for another handicapped youth.

**Reports On Clinic Project**  
The society approved payment of \$85 for a special set of braces for a boy recovering from compound fracture.

## South Koreans Demand U.N. Withdraw Prisoner Plan

**By BILL SHINN**  
SEOUL (AP)—South Korean assemblymen today called for withdrawal of the United Nations' latest plan to break the Korean War prisoner deadlock. They called it a "dishonorable and surrendering truce."

An assembly delegation asked for a meeting with Lt. Gen. William K. Harrison, chief Allied truce delegate, to demand that the proposal be scrapped. Harrison said he would try to arrange the meeting tomorrow.

In many capitals of the free world, the U. N. proposal drew favorable comment. Both Britain and India warmly endorsed it. Indian Prime Minister Nehru said he would be surprised if a cease-fire were delayed much longer. The U. N. plan reportedly follows closely one sponsored by India which the U. N. adopted last December.

**Cites British Pressure**  
After a meeting with South Korean President Syngman Rhee and other top ROK officials, Assembly vice chairman Soon Chi Yung implied that pressure from Britain was partly responsible for the proposal which he denounced as a "dishonorable and surrendering truce."

"British troops in Korea should pack and go home," he said. British Prime Minister Churchill said his government and other United Nations were consulted in preparing the proposal.

The plan was handed to the Reds Monday in a secret session at Panmunjom. The talks were re-

## BUILDERS SHOW TO BE HELD HERE OCTOBER 29-31

Members of the Exchange Club held a program planning meeting Tuesday night in connection with the weekly dinner meeting at Bankert's Restaurant, with one of the largest attendances in some time.

The proposed Builders Show, which the club voted a week ago to hold this fall was discussed at length and it was decided to hold the affair in the Hotel Gettysburg Annex auditorium Thursday, Friday and Saturday nights, October 29, 30 and 31.

The club will sponsor the show, renting spaces for booths to building material firms, distributors, appliance dealers and others. A grand award will be given away on the third night. The show will open each evening at 7 o'clock and close at 11 o'clock. President Robert P. Snyder said he would announce committees later.

**Plan Joint Meeting**  
At the request of Crosby N. Hartzell, head of the Civil Defense Ground Observers Corps, the club voted to meet with the Lions, Rotary and Soroptimist Clubs for a discussion of Civil Defense plans. The place has not been decided, Secretary John J. Slenitz said.

Ernest Simpson, chairman of the Tennis Courts Committee, reported that work on the new courts, the club's gift to the Recreation Association for community use, is progressing, but that rainy weather has caused delay.

The meeting Tuesday night was the last to be held at Bankert's Restaurant for the summer. Next Tuesday night's dinner meeting will be held at Woodlawn Park, Lincoln Highway, west of Gettysburg.

## ERECT SIGN ON HOSPITAL LAWN

A 12-foot sign, three feet high, the gift of the Exchange Club of Gettysburg, was being erected today on the lawn in front of the Warner Hospital.

It bears the words "Annie M. Warner County Hospital," in gold letters on a green background, and was built and painted by Eugene S. Sickles.

The word "county" was included on the sign at the request of the Board of Directors of the hospital, who pointed out that it is a county institution, not restricted to Gettysburg only.

Erection of the sign was another of the projects of the Exchange Club, adopted with the thought that many persons from out of town, who came to visit patients at the hospital, do not know its location. There was previously no sign in front of the buildings.

The club plans to hold ceremonies later presenting the sign to the Board of Directors.

## TO ADDRESS GRADS

Two members of the Gettysburg College faculty will deliver commencement addresses to graduating classes of nearby high schools on Thursday evening. Dean W. E. Tilberg will speak to the Waynesboro graduates on the topic "What Now?" Dr. Harold Dunkelberger will speak to the Class of 1953 at Dallastown High School on "Life's Bridges."

## Dr. Weigle Tells Littlestown Graduates They Face Era Of Danger But Of Great Promise

"These days are more freighted with foreboding and more pregnant with promise than any period since the beginning of the Christian era and the fall of Rome," the Rev. Dr. Luther A. Weigle, Littlestown native, dean emeritus of the Yale Divinity School and chairman of the Standard Bible Committee of the National Council of Churches of Christ, told members of the graduating class of Littlestown High School at commencement exercises held Tuesday night in the school auditorium.

"As you have studied about the creative persons and crucial periods of human history, I am sure that you have sometimes thought how wonderful it must have been to live then, when great decisions were being made and destiny hung in the balance. You have your wish. Never before have men and women of faith had so great an opportunity and responsibility for the creative deed which new conditions of world citizenship require. If we have the mind and heart and will for it, true to our heritage of faith, the 20th century will witness a new birth of freedom for all mankind."

**"Our Daily Bread"**  
Dr. Weigle declared that if God's will is to be done on earth as it is in Heaven, it must be done by people, and people must live, capable in body and mind if they are to fulfill God's purpose for them. "The Christian faith is for this world as well as for Heaven, it is concerned with people's bodies as well as with their souls," he said, in calling attention to the meaning of one of the petitions of the Lord's Prayer, "Give us this day our daily bread."

Tracing the history and the controversies of various translations of the Bible, and the work of those who produced the new revised standard edition of the Bible, Dr. Weigle said, "When we say 'Give us this day our daily bread,' we declare our faith that life and its sustaining are God's gift, and we express our trust in His constancy and our gratitude for His love."

"Yet God's gifts are not to the idle; they must be sought, cultivated, produced and distributed by people. The development of sciences and the arts, the practice of sound economics and effective politics, and the putting of these to the service of social justice and good will are essential to the fulfillment of this prayer. Only as people seek His kingdom and His righteousness can God's constancy be of full effect in human life."

## MUST WORK FOR ALL

"We would be utterly unrealistic if we were not to remind ourselves and to confess to God that His provision for human welfare is far from being put into full effect in this present time. Millions of men and women and children are not receiving their daily bread today. Undernourishment, hunger, even starvation, are their lot."

"We can sincerely pray the prayer which Our Lord taught us only as we constantly remember that it deals with more than our individual need. We can offer this prayer sincerely only as we identify ourselves with the needs of all mankind and are willing to labor as well as to pray that all may have their share of God's good gifts."

"The Lord's prayer is for nations as well as for individuals. No nation has been or is more blessed than we of the United States of America, both in material resources and in our great heritage of human freedom. The idea that we could live to ourselves, in isolation from the common weal or woe of mankind, has been dispelled by the tragic events of our time. We must take our places among the nations of the world, and share with them the responsibility for human welfare—not as dictator or exploiter of less privileged peoples, but as friend and helper. We can do this successfully only as we embody in our national life and policy the full spirit of the Lord's Prayer."

## GOD'S ULTIMATE TRIUMPH

Quoting from the revised Bible, Dr. Weigle said: "We know that in everything God works for good with those who love him." May we not take this as our text for our time? We can and do believe in the possibility of human progress, because we believe in God, and in the ultimate triumph of His will. But we must do our part. The tomorrow to which you look forward is one of danger but of great promise."

The commencement program opened with the processional march "Pomp and Circumstance," by Edgar, by an instrumental ensemble. The invocation was given by the Rev. G. Howard Koons, pastor of Christ Evangelical and Reformed Church. A musical reading, "The House By the Side of the Road," S. W. Foss, was given by Shirley A. Stonerfer, the salutatorian, accompanied by Diane E. Stambaugh. Donald V. White, valedictorian of the class, presented the valedictory speech on

## IOOF MEMORIAL SERVICE HELD HERE TUESDAY

The charter was draped and sprigs of evergreen placed on it in remembrance of three members who passed away during the year at memorial services held by the Odd Fellows Tuesday night in their lodge rooms on Chambersburg St.

Those who died since the last memorial service were C. Arthur Brame, January 10; Ernie Myers, January 10, and Henry W. Garvin, January 15. A wreath was placed at the charter in remembrance of all members who died in previous years.

The Rev. Dr. Howard S. Fox, pastor of Trinity Evangelical and Reformed Church, was the speaker. The service opened with the singing of America and invocation by Dr. Fox.

Taking as his subject the title of the book "For Whom The Bell Tolls," Dr. Fox said, "We have wars which lose to our communities and to the service of these communities many of the best of our young people at a time when they are approaching their greatest usefulness."

## FUTILITY OF WAR

"We need to think of these things as we deplore the useless ruthlessness of wars and the futility of battles which remove many of these young people from our midst, and hope and pray that the time will come when wars will cease and these lives sacrificed in war will remain with us in service to their communities and happiness to themselves."

A quartet composed of members of the Gettysburg Lions Club, John Kendelhart, Dr. Clarence Bartholomew, Paul Grove and David W. Blosser III, sang three numbers.

John D. Settle acted as chairman of the program, and in reading the memorial ritual paid tribute to the departed members. "They will be sadly missed, but the memory of them will remain," he said. "It is fitting that we should drape our charter and by so doing pledge ourselves to extend our sincerest sympathies to those near and dear to them and give a helping hand to those who were their best friends but are now their greatest mourners."

Members of the Canton under the direction of Commander Wilbur Nett gave a drill, and the charter was placed for draping by Kenneth Thomas and Richard Crone. The charter was draped by Noble Grand C. Leslie Fair and Vice Grand Jay Waybright. Mrs. John Aughinbaugh sang three solos, accompanied by her mother, Mrs. Fred Swisher. The wreath was placed on the charter by Thomas Traver.

Thomas Winebrenner acted as chaplain, and the program closed with the hymn, "Blest Be The Tie That Binds," and the benediction by Dr. Fox.

## Speaks At Dedication

The presentation of the Hazelius portrait, which had hung in the library at the Gettysburg seminary, was authorized recently by the local faculty.

When Dr. Hazelius was president and administrator, and "the entire faculty" at the southern seminary when it was a small and struggling institution, it was located at Lexington, S. C., 20 miles from its present location at Columbia, where it is now a large and flourishing institution, according to Dr. Wentz.

During his visit to the seminary, Dr. Wentz was the principal speaker at the dedication of a new library building. He also visited the tomb and the former home of Dr. Hazelius, now a southern Lutheran "shrine."

About 1840 it broke off its synodical affiliation, and has been independent until this time. Located in downtown Baltimore on City Hall Plaza, it has become a landmark there.

## 8 ADMONITIONS GIVEN SENIORS AT BIGLERVILLE

Eight admonitions were given to the members of the graduating class of Biglerville High School at the sixth annual commencement exercises held Tuesday night in Memorial Auditorium. South Mountain Fairgrounds, by the Rev. Dr. Allan S. Meck, president of the Lancaster Seminary of the Evangelical and Reformed Church.

Speaking on the subject of "If I Were 18 Again," Dr. Meck told graduates to "watch your health; be ambitious, but learn to do one thing well; have a surplus of grit; be kind and cheerful; be a good sport; never be thin-skinned; do not have as many love affairs as there are roses in June and blackberries in July, and give the flower of your youth to Jesus Christ, do not throw the ashes of a mispent life into God's face."

In speaking of the value of the instruction just completed, Dr. Meck said this was only preparation for meeting later crises in life, in going on the higher education, or taking the graduate's place in the world today.

"These admonitions I have given you will help you in becoming a worthwhile citizen and one who will win respect and affection from the community and from wider circles in your years to come," Dr. Meck said. "They will cover your life's work, your home life and your religious life, adding to your enjoyment of life and your success in it, and giving comfort and pleasure to others."

The diplomas to the 71 graduates, 15 in the academic curriculum, 23 in the commercial, 18 in the industrial and 15 in the vocational, were presented by Dr. J. L. Boyer, president of the joint school board. The class was presented by Prof. Charles L. Yost, high school principal. Honors and awards were made by C. P. Keffer, administrative assistant.

"At one end of the line was the entire Union army," said Commander Gough in his account of

## TIME HONORED MEMORIAL DAY PARADE WILL BE HELD SATURDAY

Congressman James E. Van Zandt, of Altoona, a veteran of both World War I and World War II and three-times national commander of the Veterans of Foreign Wars, will be the speaker at the annual Memorial Day exercises here Saturday afternoon.

The services will follow the traditional pattern that has prevailed during the past 85 years. Saturday's service will be the 86th Memorial Day program. The cemetery came into existence 90 years ago this summer when the 18 states having troops in the Union Army provided funds to bury the Union dead from the battle here.

One major change will be the ritual presented at the Civil War dead graves at the cemetery. A ritual written especially for the Memorial Day services at the local cemetery will replace the GAR, American Legion and VFW services previously read at that portion of the exercises.

## Decorate Graves

As usual 4,420 small flags placed by the National Park force will wave about the graves of 3,705 Civil War dead, 37 Spanish War veterans, 108 World War I, 537 World War II and 17 Korean War soldiers. In addition there are 16 graves of men who died while in the armed forces during peace time.

The parade will form at 1:45 o'clock Saturday afternoon. School children and the Gettysburg High School band will form on High St., and the remainder of the parade will form on Springs Ave., near the Meade School.

At 2:10 the high school band and public and parochial school children, carrying flowers, will march to Lincoln Square, circle the oval and march south on Baltimore St. to the National Cemetery.

## Children To See Parade

At 2:15 o'clock the military, veterans and other organizations will start from the Meade School, marching east on Chambersburg St. to the square where it will fall in behind the school children.

Marshal LeRoy Winebrenner's aides will be: First division, Edward Read, Julius Swope, John S. Rice and Walter Doud; second division, Carl Oyler, Robert Mattingly, Charles Jacobs and Richard Shealer.

When the High School band reaches the gates of the cemetery, it will stop and the school children will stand along the west side of Baltimore St., allowing the remainder of the parade to pass in review before the school children.

The committee asks the cooperation of all spectators to keep the street and cemetery gate clear during this period, and for a few moments afterward,

At the cemetery all will enter, with the exception of the armored equipment which will move south on the Littlestown Rd. and then return to the armory.

The Gettysburg VFW firing squad under command of Raymond Strohm will fire a volley and Bugler Laverne King will sound taps.

Continue Old Custom

A custom begun last year will be carried out during the strewing of flowers. Dr. C. B. Stauffer, a son of a Union Veteran, who for more than 60 years has been placing flowers on the unknown soldiers' graves, a custom started originally by members of the Grand Army, will strew flowers accompanied by a group of great-great-grandsons of Union Veterans who have been selected to carry on the tradition through the coming years.

At the rostrum the Blue and Gray will play "America"; State Senator Donald P. McPherson Jr. will be master of ceremonies; Fred G. Pfeiffer will read Lincoln's Gettysburg address and Congressman Evan Zandt will present his talk. The invocation will be given by the Rev. Fr. Anthony P. Kane, pastor of St. Francis Xavier Catholic Church, and the benediction will be pronounced by the Rev. Martin Knutson Jr., vicar of Prince of Peace Episcopal Church. The program will conclude with the Star Spangled Banner by the high school band.

Prior to the cemetery exercises the graves section will be roped off and members of the Sons of Union Veterans in Civil War costume, will patrol the area. ALL GRAVES TO BE DECORATED

Flowers will be strewn for the first time during Memorial Day exercises on the new section of World War II veterans' graves located south of the Lincoln Speech Memorial in the National Cemetery, Attorney Eugene Hartman said today.

Boy Scouts will strew flowers there while the school children place flowers on the Civil War and Spanish War graves and Girl Scouts, Y-Teens and 4-H Club members place flowers on the World War I and II graves north of the north avenue in the cemetery.

Hartman and Miss Mary Jane Mickey comprise the committee arranging for the participation by the Scouts and Y-Teens and 4-H Clubs.

All are asked to bring their own flowers and meet at the Meade School at 1:45 o'clock Saturday afternoon.

Attorney Hartman, as chairman of the Black Walnut Boy Scout District, issued a special invitation to all troops outside Gettysburg to join the Gettysburg troops in the parade.

### Just Folks

By EDGAR A. GUEST

**JEALOUS**

A lovely, fascinating blonde, Of whom I'm told, I'm over-fond, Will brush me off as time goes by To love a younger man than I. And, when that happens, he will be

The captive she has made of me.

Her name is Marjorie, and her hair Is spun of finest gold leaf, rare. Her eyes are blue as summer skies.

It troubles me to think those eyes With joy will twinkle when they see Some younger man, instead of me.

Jealous of him so far away? I am; and jealous mean to stay. I sit and wonder who is he— My rival for her heart—to be? He's somewhere lurking round about.

Though none as yet have found him out.

My favorite blonde, it must be told, As yet is not quite two years old. And he, with greater charm than mine.

May possibly be eight or nine. But this I pray to God on high That he will love her as do I.

### Today's Talk

By GEORGE MATTHEW ADAMS

**START ALL OVER**

A famous slogan is that one: "It is never too late to mend." Its twin brother might be this one: "It's never too late to start over again." No one likes to see his work, and the product of his mind, all wiped out of a sudden. It often happens, however. And as often, that one, with a strengthened will and with dozens of lessons well learned, resolves to start all over again!

No one can honestly be called a defeated person so long as there is a spark of hope and courage left. We all have our setbacks. I like that inspiring poem by Don Marquis where he said: "I am full of new beginnings!" Often our failures and defeats are merely testing times — to see if we have the will and confidence to see the thing through.

A beloved one is taken from us. At such a time we feel that life, or fate, has cheated us. We feel all alone. Through work, however, all griefs are finally dissolved. And as day follows darkness, so does the soul become lighted again, and incentive born anew.

No matter what the condition, we can always start over again. The inventor knows all about the value of experience. He learns that what he has failed in need not be attempted again. He knows that he is on his way to triumph. If the scientist gave up all hope because of failures, we would have none of the progress that has blessed mankind.

A friend of mine sent her first story to a publisher and was turned down. Then she sent it to some twenty other publishers — and all returned the manuscript. Then she started all over and sent the story to the publisher to whom she first sent it — and it was accepted! Later she became one of America's most beloved writers.

We must expect to have many a crisis in life. Many times we are bound to be challenged. But it is a blessed privilege to know that we can always start over again!

Tomorrow Mr. Adams will talk on the subject: "How Are You Clothed?"

### TAFT SUGGESTS U. S. FORGET U. N. SOON IN KOREAN TRUCE TALKS

CINCINNATI (AP)—In a surprise major foreign policy speech, Sen. Taft said the United States "might as well forget the United Nations so far as the Korean War is concerned."

"I think we should do our best now to negotiate this truce," he said, "and if we fail, then let England and our other allies know that we are withdrawing from all further peace negotiations in Korea."

Taft went even further. The Senate majority leader added: "I believe we might as well abandon any idea of working with the United Nations in the East and reserve to ourselves a completely free hand."

**Delivered By Son**

Taft's speech was delivered last night by his son, Robert A. Taft Jr., at a dinner in the senator's honor held by the local chapter of the National Conference of Christians and Jews. The Ohio Republican still is in a local hospital for a checkup of a pain in his hip.

Taft said in his strongly worded speech that "even the best truce under present conditions will be extremely unsatisfactory."

He said it would drive Korea along an unnatural line, create an unstable condition likely to bring war again at any moment.

**Would Free Soldiers**

And, said the senator, a prime force on the Senate Foreign Relations Committee, it would "release a million Chinese soldiers, who no doubt will promptly be moved down to Southern China for use against Chiang Kai-shek or against the French in Indochina."

The Ohio Senator stressed that "from the beginning, we should have insisted on a general peace negotiation with China, including a unification of Korea under free Koreans, and a pledge against further expansion in Southeast Asia."

Taft said he thinks that this country—"in any event"—is bound to the policy of preventing Communist aggression where it occurs and where it is within the means of the United States to stop it.

**To Shock U. N. Friends**

It was then he added that this nation should give itself a completely free hand in the East and forget about working with the U.N. there.

"This statement," he conceded, "is going to shock a good many people who still believe in the United Nations. I believe in the United Nations myself, but not as an effective means of preventing

aggression."

The senator from Cincinnati added, "but no one should be shocked at my suggestion about the United Nations in Korea because in Europe we have practically abandoned it entirely."

He pointed to the North Atlantic Treaty, saying its adoption was without United Nations' leave and without its consultation.

### Brodie Twin Off Critical List; Poses For Pictures

CHICAGO (AP)—Rodney Dee Brodie has moved of the critical list and plunged into the rigorous role of a celebrity—and he loves it.

Rodney, the only head-jointed Siamese twin to survive a separation operation, was taken from his sheltered life in a hospital room yesterday and placed before a battery of camera-snapping news photographers.

He faced up to the occasion with a big grin and a loud, "Hi."

The photographs are in preparation for the first glimpses the public will have of the 20-months old boy whose parents risked all in the hope the twins would have a chance for a normal life.

Mr. and Mrs. Roy Brodie have authorized publication of the photographs in newspapers, magazines and newsreels June 4 when their son, Rodney, appears on the March of Dimes program to be telecast from the annual meeting of the American Medical Association.

Doctors described Rodney's progress in the last two months as excellent, but he still has a long way to go.

So far, the top of his brain is protected only by a cover of skin and hair. In another two months or so, surgeons hope to build a hard skull roof of bone, metal or plastic and insert it under the skin cover.

### JEALOUS

A lovely, fascinating blonde,  
Of whom, I'm told, I'm over-fond.  
Will brush me off as time goes by  
To love a younger man than I.  
And, when that happens, he will  
be  
The captive she has made of me.

Her name is Marjorie, and her  
hair

Is spun of finest gold leaf, rare.  
Her eyes are blue as summer  
skies.

It troubles me to think those eyes  
With joy will twinkle when they  
see

Some younger man, instead of  
me.

Jealous of him so far away?  
I am; and jealous mean to stay.  
I sit and wonder who is he—  
My rival for her heart—to be?  
He's somewhere lurking round  
about.

Though none as yet have found  
him out.

My favorite blonde, it must be  
told.

As yet is not quite two years old.  
And he, with greater charm than  
mine.

May possibly be eight or nine.  
But this I pray to God on high  
That he will love her as do I.

By GEORGE MATTHEW ADAMS

#### START ALL OVER

A famous slogan is that one:

"It is never too late to mend."

Its twin brother might be this one:

"It's never too late to start over  
again."

No one likes to see his work,  
and the product of his  
mind, all wiped out of a sudden.

It often happens, however. And as  
often, that one, with a strength-  
ened will and with dozens of les-  
sons well learned, resolves to  
start all over again!

No one can honestly be called a  
defeated person so long as there is  
a spark of hope and courage left.

We all have our setbacks. I like  
that inspiring poem by Don Mar-  
quis where he said: "I am full of  
new beginnings!" Often our fail-  
ures and defeats are merely test-  
ing times — to see if we have  
the will and confidence to see the  
thing through.

A beloved one is taken from us.  
At such a time we feel that life,  
or fate, has cheated us. We feel  
all alone. Through work, however,  
all griefs are finally dissolved.

And as day follows darkness, so  
does the soul become lighted again,  
and incentive born anew.

No matter what the condition,  
we can always start over again.

The inventor knows all about the  
value of experience. He learns that  
what he has failed in need not  
be attempted again. He knows that  
he is on his way to triumph. If  
the scientist gave up all hope be-  
cause of failures, we would have  
none of the progress that has  
blessed mankind.

A friend of mine sent her first  
story to a publisher and was  
turned down. Then she sent it to  
some twenty other publishers —  
and all returned the manuscript.

Then she started all over and sent  
the story to the publisher to whom  
she first sent it — and it was  
accepted! Later she became one of  
America's most beloved writers.

We must expect to have many  
a crisis in life. Many times we  
are bound to be challenged. But  
it is a blessed privilege to know  
that we can always start over  
again!

Tomorrow Mr. Adams will talk  
on the subject: "How Are You  
Clothed?"

## TAFT SUGGESTS

U. S. FORGET U. N.

SOON IN KOREAN

TRUCE TALKS

CINCINNATI (AP)—In a surprise

major foreign policy speech, Sen.

Taft said the United States "might

as well forget the United Nations

so far as the Korean War is con-  
cerned."

"I think we should do our best

to negotiate this truce," he  
said, "and if we fail, then let Eng-  
land and our other allies know that  
we are withdrawing from all fur-  
ther peace negotiations in Korea."

Taft went even further. The Sen-  
ate majority leader added:

"I believe we might as well  
abandon any idea of working with  
the United Nations in the East and  
reserve to ourselves a completely  
free hand."

Delivered By Son

Taft's speech was delivered last  
night by his son, Robert A. Taft  
Jr., at a dinner in the senator's  
honor held by the local chapter  
of the National Conference of  
Christians and Jews. The Ohio Re-  
publican still is in a local hospital  
for a checkup of a pain in his hip.

Taft said in his strongly worded  
speech that "even the best truce  
under present conditions will be  
extremely unsatisfactory."

He said it would divide Korea  
along an unnatural line, create an  
unstable condition likely to bring  
war again at any moment.

Would Free Soldiers

And, said the senator, a prime  
force on the Senate Foreign Rela-  
tions Committee, it would "release  
a million Chinese soldiers, who no  
doubt will promptly be moved  
down to Southern China for use  
against Chiang Kai-shek or against  
the French in Indochina."

The Ohio Senator stressed that  
"from the beginning, we should  
have insisted on a general peace  
negotiation with China, including  
a unification of Korea under free  
Koreans, and a pledge against  
further expansion in Southeast  
Asia."

Taft said he thinks that this  
country—"in any event"—is bound  
to the policy of preventing Commu-  
nist aggression where it occurs and  
where it is within the means of  
the United States to stop it.

To Shock U. N. Friends

It was then he added that this  
nation should give itself a com-  
pletely free hand in the East and  
forget about working with the U. N.  
there.

"This statement," he conceded,  
"is going to shock a good many  
people who still believe in the  
United Nations. I believe in the  
United Nations myself, but not as  
an effective means of preventing

class to Washington and its environs.

The party was in charge of Mrs.  
Miriam Kelly and G. W. Lefever,  
members of the faculty, and A. B.  
Plank and Roy W. Wentz, members  
of the school board.

## Brodie Twin Off Critical

List; Poses For Pictures

CHICAGO (AP)—Rodney Dee Brodie

has moved of the critical list  
and plunged into the rigorous role  
of a celebrity—and he loves it.

Rodney, the only head-jointed

Siamese twin to survive a separa-  
tion operation, was taken from his  
sheltered life in a hospital room  
yesterday and placed before a  
battery of camera-snapping news  
photographers.

He faced up to the occasion with  
a big grin and a loud, "hi."

The photographs are in prepara-  
tion for the first glimpses the  
public will have of the 20-months  
old boy whose parents risked all  
in the hope the twins would have  
a chance for a normal life.

Mr. and Mrs. Royt Brodie have  
authorized publication of the photo-  
graphs in newspapers, magazines  
and newsreels June 4 when their  
son, Rodney, appears on the March  
of Medicine program to be telecast  
from the annual meeting of the  
American Medical Association.

Doctors described Rodney's progress  
in the last two months as  
excellent, but he still has a long  
way to go.

So far, the top of his brain is  
protected only by a cover of skin  
and hair. In another two months  
or so, surgeons hope to build a  
hard skull roof of bone, metal or  
plastic and insert it under the skin  
cover.

The nurses who have cared for  
him daily say he is as far advanced  
mentally as any 20-months old boy

aggression."

The senator from Cincinnati ad-  
ded, "but no one should be shocked  
at my suggestion about the United  
Nations in Korea because in Eu-  
rope we have practically aban-  
doned it entirely."

He pointed to the North Atlan-  
tic Treaty, saying its adoption was  
without United Nations' leave and  
without its consultation.

## Milwaukee Braves Bolster Grip On First Place With 6-0 Shutout Over Redlegs; Cards, Cubs Split

By ED CORRIGAN  
AP Sports Writer

Everyone knew the Milwaukee Braves were improved over last year, but even Manager Charles Grimm, the optimist eternal, didn't dare dream that his outfit would be leading the National League with more than a month of the season gone.

Grimm's club staggered home seventh last year, 32 games behind the Brooklyn Dodgers, who won the pennant, and his prediction this year was fifth and with plenty of breaks perhaps fourth.

This is a team that should get better before it gets worse, too. Neither Sid Gordon nor Andy Pafko have been hitting, and these veterans figure to be the mainstays of the attack along with Eddie Mathews and Joe Adcock. Both Gordon and Pafko are under .250.

Spahn Blanks Reds  
Spahn, a four-time 20-game winner, buried the Braves to a 6-0 victory over the Cincinnati Redlegs yesterday to pull his team a game and a half ahead of the second place St. Louis Cardinals. It was a smooth four-hit job.

The victory was the 12th in the last 16 games for the Braves. They scored once in the second inning, and that was all Spahn needed. But just to make it emphatic, they blasted four Redleg hurlers for 15 hits.

The Cards lost a half-game to the Braves when they split a doubleheader with the Chicago Cubs. The Redbirds won the opener, 6-3, but dropped a 3-2 decision to Turk Lown in the nightcap.

St. Louis Outs Swath  
St. Louis has been cutting a swath through the league, too. The defeat in the afterpiece was only the second in the last nine games.

Harvey Haddix had an easy time in the opener with Red Schoendienst supplying most of the power. The second baseman had a perfect three-for-three, including a home run.

In the second game, the Cards looked to be on their way to another triumph. They were leading, 2-0, in the sixth inning on the strength of bases empty home runs by Vinegar Bend Mizell and Enos Slaughter. But the Cubs got rid of Mizell in the sixth and held off the Redbirds the rest of the way.

Indians, Chisov Gain  
They were the only games scheduled in the National League.

Both the Cleveland Indians and the Chicago White Sox picked up a half-game on the idle New York Yankees in the American League.

The second place Indians fought off a ninth inning rally by the Detroit Tigers to pull it out, 9-8, on a home run by Larry Doby, and the Pale Hose polished off the St. Louis Browns, 8-2. Both were night engagements.

Philadelphia and Boston were rained out, while the Yanks and Washington Senators weren't scheduled.

## List Game Friday At Bendersville

Bendersville and Brushtown will meet Friday evening at 8 o'clock to play off a postponed game in the South Penn League. It was announced today by "Chet" Ogden, Bendersville manager.

The game was originally listed for May 17 but was postponed due to wet grounds.

Only two months after Bermuda claimed a world's record boxfish in the 12-pound test line class, Mrs. Bruce Adams of Wilmette, Ill., hooked a silver beauty on Bermuda's North Shore and shattered the record by 1 1/4 pounds.

## GHS TITLE TO BE RULED ON BY CONFERENCE

Gettysburg High School's baseball team will have to wait until next September 16 to learn if it has actually won the 1953 South Penn Baseball League championship under a ruling handed down Tuesday by Carl Graham, Mechanicsburg, president of the school conference.

The title dispute is the result of a protest on the part of Hanover who was ousted by the Warriors this season. Hanover contested the Gettysburg title due to the locals playing but four games of a six-game schedule. Graham stated the matter will be taken up at the next conference meeting September 16 at the Howard Johnson Restaurant, near Mechanicsburg.

Coach Howard Shoemaker's outfit compiled a 3-1 record while Hanover had a 4-2 mark. Twice the Warriors went to Chambersburg and were named out of games. Another effort was made to play a twin bill here but those games too were rained out. Conflicts with other late school term activities prevented the teams arranging further dates.

Hanover led the league throughout the season and needed but one victory the Hawks' final two games. However, Shippensburg broke into the win column for the first time in a surprise 4-2 win over the Hawks at Hanover May 19. The next day Hanover came here for the "title" game and was routed 7-3.

Provisions will likely be written into the league rules to prevent similar situations in the future.

## Need More Boys For Minor League Play

Only 10 youngsters reported Tuesday afternoon at the Gettysburg High School field in response to a call by Ira Kerr, recreation director, for candidates for a "minor" baseball league.

Kerr said this morning that additional youngsters have since indicated they will report later and another meeting has been set for next Monday afternoon at 4 o'clock on the Recreation Field.

It is the hope of the director enough youngsters will report to organize a four-team league which will be a "feeder" circuit to the Little League. Boys nine to 12 years, inclusive, are eligible.

## YANKEES DRILL MONDAY

The Yankees of the Little League will practice next Monday afternoon at 3:45 o'clock instead of Friday. It was announced today by Luther L. Sachs Jr., coach. The practice will be held on the college field north of the tennis courts.

## Milwaukee Braves Bolster Grip On First Place With 6-0 Shutout Over Redlegs; Cards, Cubs Split

By ED CORRIGAN

AP Sports Writer

Everyone knew the Milwaukee Braves were improved over last year, but even Manager Charley Grimm, the optimist eternal, didn't dare dream that his outfit would be leading the National League with more than a month of the season gone.

Grimm's club staggered home seventh last year, 32 games behind the Brooklyn Dodgers, who won the pennant, and his prediction this year was fifth and with plenty of breaks perhaps fourth.

This is a team that should get better before it gets worse, too. Neither Sid Gordon nor Andy Pafko have been hitting, and these veterans figure to be the mainstays of the attack along with Eddie Mathews and Joe Adcock. Both Gordon and Pafko are under .250.

**Spain Blanks Reds**  
Spahn, a four-time 20-game winner, hurled the Braves to a 6-0 victory over the Cincinnati Redlegs yesterday to pull his team a game and a half ahead of the second place St. Louis Cardinals. It was a smooth four-hit job.

The victory was the 12th in the last 16 games for the Braves. They scored once in the second inning, and that was all Spahn needed. But just to make it emphatic, they blasted four Redleg hurriers for 15 hits.

The Cards lost a half-game to the Braves when they split a doubleheader with the Chicago Cubs. The Redbirds won the opener, 6-3, but dropped a 3-2 decision to Turk Lown in the nightcap.

**St. Louis Cuts Swath**  
St. Louis has been cutting a swath through the league, too. The defeat in the afternoon was only the second in the last nine games.

Harvey Haddix had an easy time in the opener with Red Schoendienst supplying most of the power. The second baseman had a perfect three-for-three, including a home run.

In the second game, the Cards looked to be on their way to another triumph. They were leading, 2-0, in the sixth-inning on the strength of bases empty home runs by Vinegar Bend Mizell and Enos Slaughter. But the Cubs got rid of Mizell in the sixth and held off the Redbirds the rest of the way.

**Indians, Chisox Gain**  
They were the only games scheduled in the National League.

Both the Cleveland Indians and the Chicago White Sox picked up a half-game on the idle New York Yankees in the American League. The second place Indians fought off a ninth inning rally by the Detroit Tigers to pull it out, 9-8, on a home run by Larry Doby, and the Pale Hoos polished off the St. Louis Browns, 8-2. Both were night engagements.

Philadelphia and Boston were rained out, while the Yanks and Washington Senators weren't scheduled.

chards, Fairfield R. D., has started a contour block with diversion terraces to help divert excess runoff.

Boyer's Nursery, near Arendtsville, has laid out blocks of apple, peach and cherry orchard on the contour.

John Peters, Gardners, has planted a large acreage of peach and some apple and cherry on the contour at a newly purchased farm.

### Saves Top Soil

Richard Beamer, Weiksville, and Robert C. Lott, near Aspers, have extended their plantings.

Ralph Tyson, near Idaville, has planted a contour apple orchard on the site of a former apple orchard.

Betty Gullied, the former site was leveled for contour by a bulldozer, with the gullies filled and large boulders moved before the new planting could be established.

Oliver J. Heacock, near Biglerville, has staked out a newly acquired section on the contour for apples. The field is currently growing tomatoes and the fruit trees will be placed in the fall.

Group Brothers have started a 35-acre contour cherry orchard this spring, with more trees to be planted this fall.

Long observed that "nine men have become more and more convinced of the need for contour planting of young orchards to prevent washing away of the top soil."

### FARM CALENDAR

Kill Garden Weeds — Cultivation is the best weed control in the garden, but it should be done with judgment, says James D. Penn, State extension vegetable specialist. While it is desirable to keep the surface soil loose, he says these are times to be gained by hoeing or cultivating often rather than necessary to control weeds.

Combat Plant Disease — Soil sterilization, seed treatment and soil drenches are the most common methods used for combating damping-off in the seedbed. Tomatoes Allen Baler, Penn State extension plant pathologist, careful watering also is a help. Watering should be done in the morning when soil temperatures are rising.

Plant Annual Flowers — Annual

flowering plants can be seeded outdoors this month. Try some marigolds, zinnias, bachelor's buttons, asters, and calendulas. Seed of petunias and snapdragons will germinate better if planted in a greenhouse or in a cold frame.

Chickens Roost Early — Given a chance, baby chicks will start to roost early. In fact, when three to four weeks of age they will climb up on roosting platforms made of two-inch material, with wire under the roosts to keep the chicks out of the droppings.

Care for Tractor — At this season of the year when the tractor is getting hard usage, it is important to follow a regular maintenance schedule, declares Henry Wooding, Penn State extension agricultural engineer. Use a definite check list in care of the tractor.

Save Dairy Labor — Bulk handling of milk is causing quite a stir among dairy farmers, reports Ivan Parkin, Penn State extension dairy specialist, because it is a labor-saving convenience.

Plant Sweet Corn — If you have any choice of soil to use for sweet corn, plant it in a well-drained fertile field which has a good supply of organic matter. Medium loam and sandy loam soils, with manure or clover sods plowed down, have given the best results.

Control Clover Disease — Where crown rot has appeared in clover practice long rotations in the field to prevent recurrence of the disease, urges O. D. Burke, Penn State extension plant pathologist.

Work in Safe Shop — Make your farm shop safe for busy work seasons. Orderliness, good lighting, safe tools and equipment make shop work much easier and safer. The first step is to go over your farm shop with a critical eye to locate accident hazards and inconveniences.

## Fairfield Community News

### LIONS' CIRCUS WILL GIVE TWO SHOWS MAY 30

The "call of the calliope," heralding the arrival of the Mills Brothers Circus, world's largest motorized tent show of this type, will be heard in Fairfield Saturday. The Fairfield Lions Club is bringing the circus there for two performances, afternoon at 2 o'clock and evening at 8 o'clock, for the benefit of its charities and activities fund. Doors will open at 1 and 7 p.m. The circus tents will be pitched on the high school athletic field.

Boys and girls who otherwise could not afford to see a three-ring circus

this year will be on hand at the matinee as guests of the Lions Club. Tickets for these underprivileged children were purchased by various business and professional men, fraternal organizations and industrial concerns.

The advance echelon of the circus, the dining department, will arrive in Fairfield late Friday night and begin the preparations for the nearly 1,500 meals to be served to circus personnel while the show is in town.

To Arrive With Dawn  
The main part of the circus will roll into Fairfield shortly after dawn Saturday. Early morning spectators will see the 40-ton herd of elephants led by Miss Burma, who carried the Eisenhower banner in the presidential inaugural parade in January, hoisting poles and canvas into position. Workmen will erect grandstands, bleachers, hang aerial rigging, and set the circus rings in place.

The grand entry parade, with the entire circus troupe participating, and climaxed with a South American dance spectacle "Rio Revels" will begin at 2 p.m. Following the opening pageant, a galaxy of circus champions will perform. Among the score of headliners will be the Four Nameless, French high-perch troupe; Sanchez Sisters, aerial trapeze duo; Miss Nio Yu, Chinese wire-walking beauty; the Droguevics and Babers, South American and Welsh juggling combinations; Less Rosettis, Persian revolving ladder experts; Melus, all-girl English acrobatic

unit; Wang Hong Schu Family, oriental balancing and contortionists; Antonettes, Bavarian teeterboard champions, and others.

Lions Members Have Tickets  
There will be English and American clowns, including a troupe of dwarfs led by a Welsh giant; high diving dogs and monkeys; Hugo Schmitt's 40-ton herd of elephants; Capt. Paul Nelson, Miss Jinx Adams and Sander Bekeow with three rings of waltzing "liberty" horses, two all-girl aerial ballerinas, and a 14-piece circus band.

Members of the Lions Club still have tickets for sale. On all advance sales, the club receives 50 per cent for its charities fund, compared with only 10 per cent from show day sales. Wesley Schaible heads the advance ticket sale committee. Other members include Robert Wills, Glenn Shinner, Edgar Newman, Harper Hiner, Lum Dabney, Stewart Sires, Harry Kane, Clarence Wilson and J. B. Waddle.

### Oatis Will Enter Sanitarium Soon

NEW YORK (AP)—William N. Oatis, Associated Press correspondent recently released from a Czech Communist prison, will enter

a sanitarium within a few days for treatment of a lung condition he contracted during confinement. He has been pronounced in good physical condition by physicians who examined him, except for a possibility that tuberculosis is still active in a small area. The length of his stay in the sanitarium has not been determined.

### LIONS' CIRCUS WILL GIVE TWO SHOWS MAY 30

The "call of the callopie," heralding the arrival of the Mills Brothers Circus, world's largest motorized tent show of this type, will be heard in Fairfield Saturday. The Fairfield Lions Club is bringing the circus there for two performances, afternoon at 2 o'clock and evening at 8 o'clock, for the benefit of its charities and activities fund. Doors will open at 1 and 7 p.m. The circus tents will be pitched on the high school athletic field.

Boys and girls who otherwise could not afford to see a three-ring circus

this year will be on hand at the matinee as guests of the Lions Club. Tickets for these underprivileged children were purchased by various business and professional men, fraternal organizations and industrial concerns.

The advance echelon of the circus, the dining department, will arrive in Fairfield late Friday night and begin the preparations for the nearly 1,500 meals to be served to circus personnel while the show is in town.

**To Arrive With Dawn**  
The main part of the circus will roll into Fairfield shortly after dawn Saturday. Early morning spectators will see the 40-ton herd of elephants led by Miss Burma, who carried the Eisenhower banner in the presidential inaugural parade in January, hoisting poles and canvas into position. Workmen will erect grandstands, bleachers, hang aerial rigging, and set the circus rings in place.

The grand entry parade, with the entire circus troupe participating, and climaxed with a South American dance spectacle "Rio Revels," will begin at 2 p.m. Following the opening pageant, a galaxy of circus champions will perform. Among the score of headliners will be the Four Name-dills, French high-perch troupe; Sanchez Sisters, aerial trapeze duo; Miss Nio Yu, Chinese wire-walking beauty; the Droguettes and Babers, South American and Welsh juggling combinations; Less Rosettis, Parisian revolving ladder experts; Melits, all-girl English acrobatic

unit; Wang Hong Schu Family, oriental balancing and contortionists; Antonettes, Bavarian teeterboard champions, and others.

#### Lions Members Have Tickets

There will be English and American clowns, including a troupe of dwarfs led by a Welsh giant; high diving dogs and monkeys; Hugo Schmitt's 40-ton herd of elephants; Capt. Paul Nelson, Miss Jinx Adams and Sandor Beketov with three rings of waltzing "liberty" horses, two all-girl aerial ballets, and a 14-piece circus band.

Members of the Lions Club still have tickets for sale. On all advance sales, the club receives 50 per cent for its charities fund, compared with only 10 per cent from show day sales. Wesley Schaible heads the advance ticket sale committee. Other members include Robert Wills, Glenn Shriner, Edgar Newman, Harper Hiner, Lum Danneley, Stewart Sites, Harry Kane, Clarence Wilson and J. B. Waddle.

### Oatis Will Enter Sanitarium Soon

NEW YORK (AP)—William N. Oatis, Associated Press correspondent recently released from a Czech Communist prison, will enter

a sanitarium within a few days for treatment of a lung condition he contracted during confinement.

He has been pronounced in good physical condition by physicians who examined him, except for a

possibility that tuberculosis is still active in a small area. The length of his stay in the sanitarium has not been determined.

## YORK SPRINGS HIGH GRADUATION IS HELD TUESDAY

Commencement exercises were held Tuesday evening for the graduating class of the York Springs High School in the York Springs Fire Hall before a capacity audience. Nineteen were graduated eleven girls and eight boys. The High School Band played the march for the entrance parade of the graduates, the faculty and the school board members. The stage was decorated by the senior class with summer flowers.

The invocation was pronounced by Rev. Amos Meyers and the commencement address delivered by Dr. Clyde Meadows of Chambersburg. Wilbur Cassel, supervising principal, presented the graduation class and Paul Brough, president of the North Adams Jointure School Board, presented the diplomas. Special music was presented by the High School chorus.

"Everyone is interested in success and happiness, but some have an inadequate and warped idea of success," Dr. Meadows said. "Our world is mixed up. Confusion is all about us, but there are simple rules of successful living that can be followed by anyone."

"This is the day of great business. Look at the successful men of our day. R. G. Lefournau, road magnate; Kenneth S. Keyes, real estate; John D. Duff, powdered foods; and Dwight D. Eisenhower, president. What are the secrets of their success?"

"First, work. When a people get the idea of living without work they are well on their way to decay. Second, work together. One of the most important lessons we have to learn is to get along with other people. Third, faith in God. This is the foundation of success in this great country of ours. It is the foundation of success in the individual life."

"More than 2,000 years ago Paul, president of the North Adams Jointure School Board, presented God."

## PLAN MUSICAL SUNDAY EVENING

A musical will be held in the York Springs Lutheran Church on Sunday evening, May 31, at 7:30 under the auspices of the church choir, Preston Zerbe, director. Nadine Reinecker and Donald Golden are the committee in charge of arrangements. The program will consist of a piano duet by Kay Delp and Doris Heller; vocal duet, Mukley sisters; instrumental quartette, Doris and Phyllis Yohn, Janet Golden and Judy Weigle; songs by the Coulson family; vocal duet, Margaret Smith and Mrs. Shultz; vocal solo, Sammy Eber. There will be other musicians on the program who have not been scheduled. Earl Guse will introduce the participants.

Recent visitors at the home of Mrs. Kate Brumgard and daughters were Mrs. Visulius Vovakes and son Michael of Harrisburg; Rev. D. S. Kammerer of Littlestown and Victor Zicoska of Carlisle. Sfc. John Hershey, son of Mr. and Mrs. Joseph Heisey, York

Spings, has been spending a furlough at his home on change of station from Ft. Holabird, Md.

A social hour will be held on Friday evening by the members of the York Springs Lutheran Church choir and those persons taking part in the musical to be held on Sunday evening. The affair will be held following the rehearsal.

Mr. and Mrs. Harold A. Smith entertained on Sunday Mrs. Howard Snyder and Mr. and Mrs. George Null and son, Edward, Mr. and Mrs. John Smith, all of York. Mrs. Ken Golden is recovering from a minor operation at the Hanover Hospital last week.

Mrs. Harry Helman, East Berlin, formerly of York Springs, submitted to a major operation at the Hanover Hospital on Tuesday.

Clara Hershey, two-year-old daughter, of Mr. and Mrs. Baird Hershey, received a forehead injury on Sunday when she fell in the barn and struck her head on a sharp projection. It required a suture to close.

Mrs. Anna Marie Hershey, mother of M. S. Hershey, celebrated her 95th birthday at the home of her son on Saturday.

Rev. N. L. Bortner, pastor of

the York Springs Lutheran Church, is attending the Central Pennsylvania Lutheran Synod at Philadelphia from Monday through Thursday. He is accompanied by Charles Reinecker, a member of the church council. One of the important points to be considered is the regrouping of the church districts throughout the central Synod which will effect the transfer of about 200 ministers. Rev. Bortner does not expect to be in this transfer.

Sweden estimates that her iron ore reserves will last 200 years at the present rate of mining.

## YORK SPRINGS HIGH GRADUATION IS HELD TUESDAY

Commencement exercises were held Tuesday evening for the graduating class of the York Springs High School in the York Springs Fire Hall before a capacity audience. Nineteen were graduated, eleven girls and eight boys. The High School Band played the march for the entrance parade of the graduates, the faculty and the school board directors. The stage was decorated by the senior class with summer flowers.

The invocation was pronounced by Rev. Amos Meyers and the commencement address delivered by Dr. Clyde Meadows of Chambersburg. Wilbur Cassel, supervising principal, presented the graduating class and Paul Brough, president of the North Adams Jointure School Board, presented

the diplomas. Special music was presented by the High School chorus.

"Everyone is interested in success and happiness, but some have an inadequate and warped idea of success," Dr. Meadows said. "Our world is mixed up. Confusion is all about us, but there are simple rules of successful living that can be followed by anyone."

"This is the day of great business. Look at the successful men of our day, R. G. Letourneau, road machinery; Kenneth S. Keyes, real estate; John D. Duff, powdered foods; and Dwight D. Eisenhower, president. What are the secrets of their success?"

"First, work. When a people get the idea of living without work they are well on their way to decay. Second, work together. One of the most important lessons we have to learn is to get along with other people. Third, faith in God. This is the foundation of success in this great country of ours. It is the foundation of success in the individual life."

"More than 2,000 years ago Paul said: 'We are laborers together with God.'"

## York Springs Lions Plan June Carnival

The York Springs Lions Club will hold its annual street carnival on Friday and Saturday, June 19 and 20, in the roped off street in front of the York Springs Fire Hall.

The committee planning the affair consists of Preston Zerbe, general chairman, with M. S. Hershey and Baird Hershey as vice chairmen. The publicity for the affair is in charge of Wilbur Cassel and Cloyd Shank. Harold Miller and Clyde Kennedy have charge of the purchasing and Donald Miller is taking care of the music. The committee on food is composed of Jack Hershey, Rev. Amos D. Meyers, Rev. N. L. Bortner, Merle Huff, Hugh McDermitt, Wilbur Cassel, Walter Rifenberry and Harold Smith. Bingo is in charge of William Lott, Clyde Kennedy, Paul Trump, Albert Townsend, Glenn Kemper, Donald Miller, Kent Golden and

## York Springs PTA Selects Officers

The North Adams Parents-Teachers Association held the final meeting of the season recently in the York Springs Fire Hall. A motion was passed during the business meeting to present awards to the three members of the elementary safety patrol who were adjudged the most efficient in their duties by the teachers. The awards were \$3, \$2, and \$1 respectively.

The officers were elected for the ensuing year. They are: President, Harry Fasick; vice presidents, Clarence Sheaffer, Charles Reinecker and Clyde Kennedy; secretary, Mrs. Grayson Weigle; assistant secretary, Mrs. Irvin Harbold; treasurer, Ralph Golden, and chaplain, Rev. Amos Meyers.

It was decided to continue the program of a thorough study of the school system which was started by the PTA this year. A musical program was presented which included a piano solo by Valveva Shaeffer; vocal duet, June Griest and Bobby Smith; special music by Jimmy and Dicky Varhola; piano duet, Valveva Shaeffer and Mrs. Clarence Shaeffer; and special music by Ronald Weigle and William Tylor. Following the business meeting and program, pie, cake and coffee were on sale and an auction was held of donated articles which netted \$19.76.

## PLAN MUSICAL SUNDAY EVENING

A musical will be held in the York Springs Lutheran Church on Sunday evening, May 31, at 7:30 under the auspices of the church choir, Preston Zerbe, director. Nadine Reinecker and Donald Golden are the committee in charge of arrangements. The program will consist of a piano duet by Kay Delp and Doris Heller; vocal duet, Mukley sisters; instrumental quartette, Doris and Phyllis Yohn, Janet Golden and Judy Weigle; songs by the Coulson family; vocal duet, Margaret Smith and Mrs. Shillito; vocal solo, Sammy Ebersole. There will be other musicians on the program who have not been scheduled. Earl Guise will introduce the participants.

Recent visitors at the home of Mrs. Kate Brumgard and daughters were Mrs. Visilius Vovakes and son Michael of Harrisburg; Rev. D. S. Kammerer of Littlestown and Victor Zicoskai of Carlisle.

Sfc. John Hershey, son of Mr. and Mrs. Joseph Helsey, York

Spring, has been spending a furlough at his home on change of station from Ft. Holabird, Md.

A social hour will be held on Friday evening by the members of the York Springs Lutheran Church choir and those persons taking part in the musical to be held on Sunday evening. The affair will be held following the rehearsals.

Mr. and Mrs. Harold A. Smith entertained on Sunday Mrs. Howard Snyder and Mr. and Mrs. George Null and son, Edward, Mr. and Mrs. John Smith, all of York. Mrs. Kent Golden is recovering from a minor operation at the Hanover Hospital last week.

Mrs. Harry Helman, East Berlin, formerly of York Springs, submitted to a major operation at the Hanover Hospital on Tuesday.

Clara Hershey, two-year-old daughter, of Mr. and Mrs. Baird Hershey, received a forehead injury on Sunday when she fell in the barn and struck her head on a sharp projection. It required a suture to close.

Mrs. Anna Marie Hershey, mother of M. S. Hershey, celebrated her 95th birthday at the home of her son on Saturday.

Rev. N. L. Bortner, pastor of

the York Springs Lutheran Church, is attending the Central Pennsylvania Lutheran Synod at Philadelphia from Monday through Thursday. He is accompanied by Charles Reinecker, a member of the church council. One of the important points to be considered is the regrouping of the church districts throughout the central Synod which will effect the transfer of about 200 ministers. Rev. Bortner does not expect to be in this transfer.

Sweden estimates that her iron ore reserves will last 200 years at the present rate of mining.

# Plan To Increase Tax On Cigarettes, Cigars, Soft Drinks, Tobacco And Snuff

HARRISBURG (AP)—A new bipartisan budget-balancing drive centered today on a 148½ million dollar tax package.

House Republicans and Democrats called separate meetings during the day to study the program offered by GOP leaders as a substitute for the abandoned sales tax.

Rep. Albert W. Johnson, Republican floor leader, freely conceded that the proposed patchwork of taxes was "still tentative."

But it remained a starting point for a new attempt to close a 157 million dollar gap in Gov. John S. Fine's proposed \$1,400,000,000 budget for the next biennium.

The package, with estimated revenue, includes:

Increasing the five per cent corporate net income tax to six per cent (50 million dollars).

One per cent tax on the net income of unincorporated businesses and professions (37½ million).

**Tax Soft Drinks**  
Revising the cent a bottle soft drinks tax (29 million).

Increasing the four-cent a pack cigarette tax to five cents (22 million).

Taxing cigars at the rate of one cent for those costing four cents

or less; two cents, between five and 10 cents in cost, and three cents, for those 11 cents or more, and smoking and chewing tobacco and snuff at the rate of one cent an ounce (5 million).

The tax package was cleared by the House ways and means committee on Monday and in short order placed in a position for a vote this week.

In another top development Monday night, the Senate defeated by a single vote legislation to abolish the Tax Equalization Board.

**Revive Truck Bill**  
The controversial issue of truck weight ceilings was injected into the House. A bill was introduced to increase the weight limit for commonly used trucks from 45,000

pounds to about 58,500 pounds. Johnson said enactment of the tax package would mean repeal of the two per cent tax on insurance premiums collected by Pennsylvania mutual insurance firms. That levy now yields about 5 millions a biennium.

The GOP floor leader told newsmen that it was doubtful if the new tax package could be passed without Democratic help.

The only reason it was brought out on the floor, he said, is that

## REJECTS STATE'S SIGN APPEAL

HARRISBURG (AP)—A decision by the Dauphin County Court holding unconstitutional a state law limiting the size of price signs to gasoline stations today headed towards the State Supreme court for review.

Judge Walter R. Sohn on Monday dismissed commonwealth exceptions to the decision, paving the way for an appeal to the high court.

The invalidated law limited the size of gasoline price signs to a maximum of 12 inches square.

Judge Sohn ruled, in the court's decision, that service station operators may display signs as large as they wish.

The constitutionality of the law was attacked in a test case by Charles Gambone and Charles S. Gambone, trading as Gambones' Atlantic Service Station, Norristown.

Rome's city prison is called Regina Coeli (Queen of Heaven) because a church of that name used to stand on the site.

The 58-vote Democratic minority has offered its aid to pass a tax program so that essential services can be financed.

Rep. H. G. Andrews, Democratic floor leader, adopted the attitude that the Democrats will stand by on taxes until the Republicans find out definitely where they stand

## YORK SPRINGS HIGH GRADUATION IS HELD TUESDAY

Commencement exercises were held Tuesday evening for the graduating class of the York Springs High School in the York Springs Fire Hall before a capacity audience. Nineteen were graduated, eleven girls and eight boys. The High School Band played the march for the entrance parade of the graduates, the faculty and the school board members. The stage was decorated by the senior class with summer flowers.

The invocation was pronounced by Rev. Amos Meyers and the commencement address delivered by Dr. Clyde Meadows of Chambersburg. Wilbur Cassel, supervising principal, presented the graduating class and Paul Brough, president of the North Adams Junior School Board, presented

the diplomas. Special music was presented by the High School chorus.

"Everyone is interested in success and happiness, but some have an inadequate and warped idea of success," Dr. Meadows said. "Our world is mixed up. Confusion is all about us, but there are simple rules of successful living that can be followed by anyone."

"This is the day of great business. Look at the successful men of our day. R. G. Letcher, road machinery; Kenneth S. Keyes, real estate; John D. Duff, powdered foods; and Dwight D. Eisenhower, president. What are the secrets of their success?"

"First, work. When a people get the idea of living without work they are well on their way to decay. Second, work together. One of the most important lessons we have to learn is to set along with other people. Third, faith in God. This is the foundation of success in this great country of ours. It is the foundation of success in the individual life."

"More than 2000 years ago Paul said: 'We are laborers together with God.'"

**Cedar-Lux**

Covers approximately 75 square feet per gallon. Light pink in color. Removes that musty smell and perspiration odors from closets and clothing. It is so simple to apply instantly converting any clothes closet into a fragrant-smelling Cedar Closet.

CEDAR-LUX is guaranteed to retain its delightful fragrance many times longer than actual cedar lumber. This is because it contains more oil of cedar. Red cedar as used in cedar chests, contains approximately 1 to 2 per cent of cedar oil and CEDAR-LUX contains more than 5% of aromatic cedar oil.

# Plan To Increase Tax On Cigarettes, Cigars, Soft Drinks, Tobacco And Snuff

HARRISBURG (AP)—A new bi-partisan budget-balancing drive centered today on a 148½ million dollar tax package.

House Republicans and Democrats called separate meetings during the day to study the program offered by GOP leaders as a substitute for the abandoned sales tax.

Rep. Albert W. Johnson, Republican floor leader, freely conceded that the proposed patchwork of taxes was "still tentative."

But it remained a starting point for a new attempt to close a 157 million dollar gap in Gov. John S. Fine's proposed \$1,400,000,000 budget for the next biennium.

The package, with estimated revenue, includes:

Increasing the five per cent corporate net income tax to six per cent (50 million dollars).

One per cent tax on the net income of unincorporated businesses and professions (37½ million).

**Tax Soft Drinks**

Revising the cent a bottle soft drinks tax (29 million).

Increasing the four-cent a pack cigarette tax to five cents (22 million).

Taxing cigars at the rate of one cent for those costing four cents

or less; two cents, between five and 10 cents in cost, and three cents, for those 11 cents or more, and smoking and chewing tobacco and snuff at the rate of one cent an ounce (5 million).

The tax package was cleared by the House ways and means committee on Monday and in short order placed in a position for a vote this week.

In another top development Monday night, the Senate defeated by a single vote legislation to abolish the Tax Equalization Board.

**Revive Truck Bill**

The controversial issue of truck weight ceilings was injected into the House. A bill was introduced to increase the weight limit for commonly used trucks from 45,000 pounds to about 58,500 pounds.

Johnson said enactment of the tax package would mean repeal of the two per cent tax on insurance premiums collected by Pennsylvania mutual insurance firms. That levy now yields about 5 millions a biennium.

The GOP floor leader told newsmen that it was doubtful if the new tax package could be passed without Democratic help.

The only reason it was brought out on the floor, he said, is that

## REJECTS STATE'S SIGN APPEAL

HARRISBURG (AP)—A decision by the Dauphin County Court holding unconstitutional a state law limiting the size of price signs to gasoline stations today headed towards the State Supreme court for review.

Judge Walter R. Sohn on Monday dismissed commonwealth exceptions to the decision, paving the way for an appeal to the high court.

The invalidated law limited the size of gasoline price signs to a maximum of 12 inches square. Judge Sohn ruled, in the court's decision, that service station operators may display signs as large as they wish.

The constitutionality of the law was attacked in a test case by Charles Gambone and Charles S. Gambone, trading as Gambones' Atlantic Service Station, Norristown.

Rome's city prison is called Regina Coeli (Queen of Heaven) because a church of that name used to stand on the site.

The 98-vote Democratic minority has offered its aid to pass a tax program so that essential services can be financed.

Rep. H. G. Andrews, Democratic floor leader, adopted the attitude that the Democrats will stand by on taxes until the Republicans find out definitely where they stand.

## New Oxford

NEW OXFORD—Mrs. H. Edgar Moul, Pine Run, was pianist during the past week for the dance recital given by a group of New Oxford children, directed by Miss Anna D. Hoyer, R. 1, in Hanover.

parents, Mr. and Mrs. Johnson Miller, Aabottstown. Sgt. Miller, a graduate of the New Oxford High School, has been at a Texas camp.

Josita Bevenour, daughter of Mr. and Mrs. Lawrence Bevenour and an eighth-grade pupil at the local parochial school, has been awarded a four-year scholarship to St. Joseph's academy, McSherrystown, where her sister, JoAnne, is completing her sophomore year on a similar scholarship awarded in 1951.

Mrs. Harold Bollinger, west of town, has been under treatment at the Hanover Hospital.

The Rev. Douglas Chandler, a professor at the theological seminary at Westminster, Md., was guest minister Sunday at Emory Methodist church where the Rev. Amos D. Meyers is regular clergyman.

The infant daughter of Paul F. and Mary Frances Noel Staub, their

fifth child, has been named Pauline Marie.

The Rev. George E. Sheffer of First Lutheran church, and his wife are spending the week in Philadelphia where Rev. Sheffer is attending sessions of the Central Pennsylvania Lutheran Synod. Also attending the Synod is Henry M. Hersh, representing laymen of the local congregation.

Boy Scout Troop No. 85 will conduct a scrap paper drive in the Hampton area on Monday.

HOUSE GROUP  
OPPOSES HORSE

HARRISBURG (P)—A House subcommittee Tuesday started writing an unfavorable report against legalizing horse race betting in Pennsylvania at this time.

The subcommittee was set up by the House Law and Order Committee last month to study a bill to put the age-old question of legalizing pari-mutuel betting up to the voters this fall.

"A good many of the replies

from other states now permitting racing have been unfavorable," explained Rep. Clarence G. Stoner (R-Cumberland), head of the study group.

MAY LEGALIZE  
BINGO FOR VETS  
AND CHURCHES

HARRISBURG (P)—A charitable, church and veterans organization could play bingo legally under a new bill introduced in the House.

The measure, introduced on Monday, would permit the game to be played "when the proceeds thereof are used exclusively for the purposes of the organization conducting the game."

The bill, introduced by Reps. Baker Royer (R-Lancaster), Paul

G. Murray (R-Lancaster) and Preston A. Frost (R-Centre), was referred to the House Law and Order Committee. Chairman T. Luke Toomey (R-Perry) said the bill will be considered at the committee's next meeting.

Other new House bills would:

Permit the appointment of deputy city treasurers in third class cities—Reps. Nolan F. Zeigler and Robert S. Ogilvie, both Dauphin County Republicans.

Bar anyone with a prison record from serving as an officer of a labor union—Rep. Edwin W. Tompkins (R-Cameron).

Make railroad rights of way subject to local real estate taxes—Rep. William A. Bolton (R-Montgomery).

Prohibit the use of non-diesel locomotives on trains within residential areas — Reps. William B. Smith, Robert K. Hamilton and Charles D. Stine, all Beaver Democrats.

### PREVENTING CUCURBIT WILTS

Bacterial wilt is a widespread disease affecting cucumbers, squash, cantaloupes, and pumpkins in this part of the country. Fusarium wilt is a fungous disease that attacks cucumbers in many communities throughout the North and East. Because growers find difficulties distinguishing between these two diseases in their cantaloupe plantings, symptoms of both are here described and effective control or prevention measures advised.

Bacterial wilt is not carried on or in the seed, neither does it live over from year to year in the soil. The organisms survive over winter in the bodies of adult cucumber beetles, both the striped and spotted beetles. When these insects emerge to feed on young plants of cucumbers, cantaloupes, squashes or pumpkins soon after leaves open they spread bacterial wilt by their feeding and in their droppings. Later after plants are infected, these and perhaps other insects transmit the disease directly from infected to healthy plants, thus increasing the rate of spread.

It is important that growers of these cucurbit crops recognize the early symptoms of bacterial wilt so they may distinguish them from symptoms of Fusarium wilt of cantaloupes. This is necessary because methods of prevention and control vary greatly.

The first signs of bacterial wilt is a drooping of a few leaves, with the wilting extending gradually to leaves on other runners. But more this primary fact — the wilted leaves do not turn brown, they retain their green coloring.

In Fusarium wilt of cantaloupes the leaves wilt in a similar manner but they turn brown. Closer inspection reveals brownish dead streaks on the main stems near the soil. In most weather these streaks may show masses of salmon-pinkish spores. Eventually Fusarium wilt destroys the entire plant.

Bacterial wilt, as already indicated, can be prevented simply by keeping striped and spotted beetles from feeding on any susceptible

cucurbit plants. Where but a few hills of cucumbers, squash, cantaloupes or pumpkins are grown, the plants may be protected by covering the hills with cheesecloth. To do this, make a frame of two U-loops of stout wire with the ends stuck in the ground and the arcs crossing at right angles above the center of each hill. Over this frame the cheesecloth is stretched and the edges are covered with soil to prevent the beetles from crawling beneath.

Small or large plantings may be safeguarded by dusting the small plants freely with a mixture of one part (by weight) of calcium arsenate with 15 parts fine gypsum. The leaves, stems, and soil immediately around the plants should be coated. Rotten dust, similarly applied is likewise effective.

Because Fusarium wilt lives over from year to year in the soil and enters the plants through their feeder roots, cantaloupes cannot be protected by spraying or dusting. Organisms may survive several years in infected soils, hence rotations are not a safe method of prevention. Of course, after an outbreak of this wilt growers should move cantaloupes to clean soils and avoid the transmission of bacterium-infected soil on implements.

To date the best defense against Fusarium wilt is to grow one of the wilt-resistant varieties of cantaloupes, such as Golden Gopher, Troquois, and in a lesser degree Burrell Gem, Paul Rose, and Pollock 10-25. Latest to be added to this list is the improved Honey Rock, claimed to out-yield most other resistant varieties.

### MULCHING PAYS BIG DIVIDENDS

At the beginning of another active growing season gardeners should consider nine major facts about summer mulching to reduce labor, improve and increase yields, and protect soils. They are:

1. Mulching row crops eliminates the work of cultivation.
2. Soil moisture is conserved — again in dry seasons that may mean the difference between success and failure.
3. Weed control problems are solved.
4. Several beneficial bacteria are stimulated.
5. With such crops as strawberries and unstaked tomatoes, also squashes and cantaloupes, fruits are protected from direct contact

with the soil.

6. Run-off water is held and caused to soak into the soil.

7. Surface erosion is greatly reduced.

8. Plant roots are encouraged to feed in the richer soil near the surface without danger of injury by sun and air.

9. More organic matter is added to deepen and lighten soils.

Of course, space does not permit discussion of all these merits of mulching, but evidence is ample to prove that as far as gardeners may obtain suitable mulching material they may invest them profitably in this sound practice. For example, at the Ohio Experiment Station three-year tests show that summer mulching of field corn reduced rain run-off by one-half and cut soil losses per acre on slopes from 11 tons to less than 1 1/2 tons from late June until corn harvest time. Many of these benefits are gained by the much preventing the "bouncing" action when raindrops hit the protective cover instead of the bare soil. And gardeners should remember that this bouncing effect occurs where exposed soils are level as well as where they slope.

Tests the editor has conducted for several years with mulches for tomatoes, squashes, cucumbers, cantaloupes, watermelons and several other vegetables, including both bunch and pole beans, prove the gardeners should more and more turn toward this practice. Not only does summer mulching save the expense and labor of

cultivation, but it results in better plant health and almost incredible saving of soils.

Because we who live in the humid East have long been addicted to blind dependence on summer rainfall to provide the moisture crops need, we have lost sight of the dominant fact that even when rainfall is normal many crops suffer from deficient moisture at critical stages of their development. It is to bridge these unseen and unrecognized periods of inadequate soil moisture that summer mulching brings perhaps its greatest benefits.

What materials will serve for mulching?

Straw is most widely used because it is most plentiful. But grass, immature weeds, finely shredded corn stalks, sorghum cane bagasse, waste hay, and similar vegetation may be employed. And even small home gardeners should not overlook the fact that they may profitably grow special crops for mulching roles — oats, rye, Sudan grass, and several other cereal and hay crops, cut when the growth is heavy. Most of these produce several successive cuttings. Too, sawdust is proving satisfactory for summer mulching where an extra feeding of nitrogen is applied to offset the nitrogen lost from the soil in the process of decomposition.

## DISTANT LANDS UPPERMOST IN QUEEN'S MIND

LONDON — The far-distant lands of the British Commonwealth were uppermost in the thoughts of Queen Elizabeth II today as coronation preparations swirled ever faster.

From Buckingham Palace this morning she saw an unfamiliar spectacle. Gone were the black bearskins and red tunics of the Grenadier Guards, and on sentry duty were 54 smart Australians in khaki uniforms and upswep slouch hats. They are the pick of an Australian military contingent here for the coronation next Tuesday.

Troops from Pakistan were to take over from the Aussies, with guards from the other Commonwealth nations following.

The changing multi-national

guard symbolized a day being devoted by the young monarch to the widespread lands her crown links with England. It symbolized, too, their continuing devotion to the crown, continuing despite the nationalistic strains of recent years.

For the first time in history, representatives of the Commonwealth Parliaments feted a British sovereign being crowned, at a luncheon in Westminster Hall.

It was in the hall, at coronations of long ago, that the Sovereign's Defender, a helmeted man on a horse, offered to fight personally

anyone challenging the sovereign's right to reign.

## RHEUMATIC VICTIM THROWS AWAY CANE

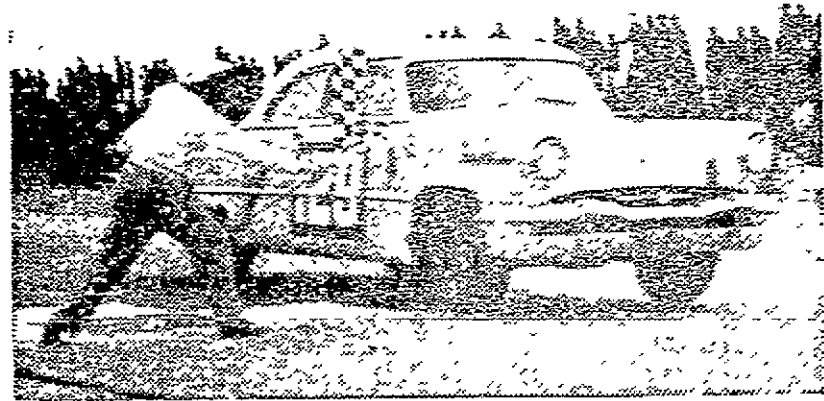

Thanks to AR-PAN-EX Tablets

I have had terrible pains in my knees for over two years and couldn't walk without a cane," writes Mrs. Mary Cremer, St. Louis, Mo. "About two months ago a friend suggested AR-PAN-EX Tablets. I took a bottle and the cane left my legs and by the time I finished my third bottle I was walking without any pain at all."

The big reason why AR-PAN-EX works best, is because it contains seven special ingredients — works seven ways at once — speeds long-lasting relief to arctic deep-seated aches, increases energy and restores normal system. Scientific new formula of a prominent Eastern Scientist, scientifically "film-coated" to prevent useless, distressing action in the stomach. "Film-coating" dissolves in the small intestine where oil pain-relieving medicine is quickly released into the blood stream — speeds fastest possible relief.

## KE REAFFIRMS STAND AGAINST FORCING POW'S TO RETURN HOME

WASHINGTON (P) — President Eisenhower reaffirmed last night that the United States and its allies in Korea are sticking to the principle that prisoners of war must not be forced to go home. "Our allies are in full accord," Eisenhower said.

But if there was international unity on that issue, there was a sharp dissent from South Korea on the latest United Nations truce proposals. And at home, dissatisfaction was voiced by members of Congress with the current course of events.

Taft Ready To Quit U. N.  
"Even the best truce under present conditions will be extremely unsatisfactory," said Sen. Taft of Ohio, Republican Senate leader. He suggested that if the present talks fail, "we might as well abandon any idea of working with the United Nations in the East, and

reserve to ourselves a completely free hand."

Rep. Hand (R-N.J.) took issue with the no-forced repatriation principle, urged that the administration stop "splitting hairs" and get a quick truce.

Eisenhower's statement, which the White House said was issued to clear up unspecified misunderstandings, was a firm declaration that the U. N. will not agree to any plan under which reluctant prisoners will be forced to Communist control.

**Basic Principles**  
"Certain principles inherent in the United Nations Command position . . . are basic and not subject to change," the President said.

"No prisoners will be repatriated by force. No prisoners will be coerced or intimidated in any way. And there must be a definite limit to the period of their captivity. The procedures used in handling the prisoners must reflect these principles."

South Korea, through Ambassador You Chao Yang, told the State Department late yesterday the latest Allied truce proposals are "completely unsatisfactory."

**More Opinions**  
Sen. Jenner (R-Ind.) demanded in the Senate yesterday that Eisenhower issue a statement "that we will not recognize the blood-stained murderers of Red China as the

## 12 MORE MIGS ARE DOWNED BY U. S. SABRE JETS

SEOUL (P)—U. S. Sabre jets shot down 12 Communist MIGs and damaged another Tuesday, boosting their MIG kills this month to 51—just 12 less than the war's one-month record set last September. Two sharpshooting pilots bagged two MIGs each in savage sky battles high over North Korea.

Legal government of China or admit them to the U. N."

Sen. H. Alexander Smith (R-N.J.) said in an interview he thinks "the Communists want a truce in Korea in order to put us on a spot."

Smith said this would give the Chinese Reds a foothold in the U. N., since they probably could appear as "interested parties."

But Sen. Sparkman (D-Ala.), like Smith a member of the foreign relations committee, said this was not necessarily so.

He said the truce offer made by the Allies "adheres quite closely" to the proposals in a resolution by India adopted by the U. N.

Maj. James Jabara of Wichita, Kan., the world's first jet ace now serving his second combat tour in Korea, got two and boosted his total kills to nine. Maj. Jack E. Mass of Red Bank, N. J., doubled his score with two MIGs.

The war's one-day record is 13 kills, one probably and seven damaged on July 4, 1952. Tuesday's bag was the biggest since May 18 when 12 Red jets were destroyed. Five MIGs were shot down Tuesday morning and seven after noon, the Air Force said.

Night-flying B26 bombers wiped out 90 Communist trucks, destroyed a locomotive, seven box cars and a railroad bridge in pre-dawn strikes, the Air Force said.

B29 Superforts smashed a 130-acre troop and supply area north of Hamhung on Korea's East Coast and bombed smaller supply dumps in the same area.

Ground fighting dwindled to patrol clashes as the air war mounted in intensity.

The opening sky duels flared

while Sabres were flying cover for 23 Sabre fighter-bombers which streaked deep into North Korea and blasted a troop concentration area on the West Coast, 10 miles southeast of Namsi. The Air Force said 22 buildings were destroyed. Other Sabre fighter-bombers slammed 1,000 pound bombs into Red anti-aircraft guns northeast of Kumsong, attacked rail lines and supply areas, the Air Force said. Allied warships pounded Communist shore batteries and other installations on both coasts, the Navy announced.

## IKE REAFFIRMS STAND AGAINST FORCING POW'S TO RETURN HOME

WASHINGTON (AP) — President Eisenhower reaffirmed last night that the United States and its allies in Korea are sticking to the principle that prisoners of war must not be forced to go home. "Our allies are in full accord," Eisenhower said.

But if there was international unity on that issue, there was a sharp dissent from South Korea on the latest United Nations truce proposals. And at home, dissatisfaction was voiced by members of Congress with the current course of events.

**Taft Ready To Quit U. N.**  
"Even the best truce under present conditions will be extremely unsatisfactory," said Sen. Taft of Ohio, Republican Senate leader. He suggested that if the present talks fail, "we might as well abandon any idea of working with the United Nations in the East, and

reserve to ourselves a completely free hand."

Rep. Hand (R-N.J.) took issue with the no-forced repatriation principle, urged that the administration stop "splitting hairs" and get a quick truce.

Eisenhower's statement, which the White House said was issued to clear up unspecified misunderstandings, was a firm declaration that the U. N. will not agree to any plan under which reluctant prisoners will be forced to Communist control.

**Basic Principles**  
"Certain principles inherent in the United Nations Command position . . . are basic and not subject to change," the President said.

"No prisoners will be repatriated by force. No prisoners will be coerced or intimidated in any way. And there must be a definite limit to the period of their captivity."

"The procedures used in handling the prisoners must reflect these principles."  
South Korea, through Ambassador You Chan Yang, told the State Department late yesterday the latest Allied truce proposals are "completely unsatisfactory."

**More Opinions**  
Sen. Jenner (R-Ind.) demanded in the Senate yesterday that Eisenhower issue a statement "that we will not recognize the blood-stained murderers of Red China as the

## 12 MORE MIGS ARE DOWNED BY U. S. SABRE JETS

SEOUL (AP) — U. S. Sabre jets shot down 12 Communist MIGs and damaged another Tuesday, boosting their MIG kills this month to 51—just 12 less than the war's one-month record set last September.

Two sharpshooting pilots bagged two MIGs each in savage sky battles high over North Korea.

legal government of China or admit them to the U. N."

Sen. H. Alexander Smith (R-N.J.) said in an interview he thinks "the Communists want a truce in Korea in order to put us on a spot."

Smith said this would give the Chinese Reds a toehold in the U. N., since they probably could appear as "interested parties."

But Sen. Sparkman (D-Ala.), like Smith a member of the foreign relations committee, said this was not necessarily so.

He said the truce offer made by the Allies "adheres quite closely" to the proposals in a resolution by India adopted by the U. N.

Maj. James Jabara of Wichita, Kan., the world's first jet ace now serving his second combat tour in Korea, got two and boosted his total kills to nine. Maj. Jack E. Mass of Red Bank, N. J., doubled his score with two MIGs.

The war's one-day record is 13 kills, one probably and seven damaged on July 4, 1952. Tuesday's bag was the biggest since May 18 when 12 Red jets were destroyed.

Five MIGs were shot down Tuesday morning and seven after noon, the Air Force said.

Night-flying B26 bombers wiped out 90 Communist trucks, destroyed a locomotive, seven box cars and a railroad bridge in pre-dawn strikes, the Air Force said.

B29 Superforts smashed a 130-acre troop and supply area north of Hamhung on Korea's East Coast and bombed smaller supply dumps in the same area.

Ground fighting dwindled to patrol clashes as the air war mounted in intensity.

The opening sky duels flared

while Sabres were flying cover for 23 Sabre fighter-bombers which streaked deep into North Korea and blasted a troop concentration area on the West Coast, 10 miles southeast of Namsi. The Air Force said 22 buildings were destroyed.

Other Sabre fighter-bombers slammed 1,000 pound bombs into Red anti-aircraft guns northeast of Kumsong, attacked rail lines and supply areas, the Air Force said.

Allied warships pounded Communist shore batteries and other installations on both coasts, the Navy announced.

# PA. TAX BOARD IS SAVED BY SENATE VOTE

HARRISBURG, Pa.—The six-year-old State Tax Equalization Board was given new life today by the defeat of a Senate bill calling for its scrapping.

A vote of 25-17, one short of the required constitutional majority, in the Senate Monday night turned down a proposal resulting from a House committee recommendation to transfer the board's duties to the Internal Affairs Department.

The Chesterman committee did not specifically suggest abandonment of the tax board formed in 1947 to determine real estate values for calculation of state school subsidies.

4 Joined Democrats

The measure, sponsored by Sens. Rowland B. Mahany, Republican floor leader, and John H. Dent, Democratic leader, by request, was downed by the action of four Republican senators who voted with the Democratic block.

The charge of Sen. William J. Lane (D-Washington) that the bill was designed to "rip John O'Neill out of office" was denied on the floor by Mahany.

"The bill is not an effort to spank O'Neill for anything done in connection with the Chesterman report," Mahany told Lane.

O'Neill, a native of Washington, Pa., is chairman of the board and also has the post of executive director of the Chesterman committee.

Republican leaders estimated the bill could have saved the state between \$300,000 and \$300,000 a biennium by avoiding duplication of the board and Internal Affairs Department.

Republicans against the transfer were Sens. James S. Berger (Porter), G. Graybill (Denn), Lancaster, and A. Evans (Berghart) and Francis P. McCusker, both Philadelphia.

# PA. TAX BOARD IS SAVED BY SENATE VOTE

HARRISBURG (AP)—The six-year-old State Tax Equalization Board was given new life today by the defeat of a Senate bill calling for its scrapping.

A vote of 25-17, one short of the required constitutional majority, in the Senate Monday night turned down a proposal resulting from a Chesterman committee recommendation to transfer the board's duties to the Internal Affairs Department.

The Chesterman committee did not specifically suggest abandonment of the tax board formed in 1947 to determine real estate values for calculation of state school subsidies.

4 Joined Democrats

The measure, sponsored by Sens.

Rowland B. Mahany, Republican floor leader, and John H. Dent, Democratic leader, by request, was downed by the action of four Republican senators who voted with the Democratic block.

The charge of Sen. William J. Lane (D-Washington) that the bill was designed to "rip John O'Neill out of office" was denied on the floor by Mahany.

"The bill is not an effort to spank O'Neill for anything done in connection with the Chesterman report," Mahany told Lane.

O'Neill, a native of Washington, Pa., is chairman of the board and also had the post of executive director of the Chesterman committee.

Republican leaders estimated the bill could have saved the state between \$200,000 and \$300,000 a biennium by avoiding duplication by the board and Internal Affairs Department.

Republicans against the transfer were Sens. James S. Berger (Potter), G. Graybill Diehm (Lancaster), and A. Evans Kephart and Francis P. McCusker, both Philadelphia.

You."

"God Bless You," Salling replied. "I am mighty proud to be able to speak with you. I hope you can hear."

Commander Gough then addressed both veterans. In part, he said: "Although you fought against each other some 90 years ago, you are proving by your actions today that America is more closely united than ever before."

As national commander of the American Legion, made up of 3,000,000 veterans of three wars, I consider it a privilege to bring you two gentlemen of an earlier war together."

In his article, Gough said: "If we carry our telephone meeting one step further and succeed in bringing the North and the South together to shake hands' over a regretted past, I am positive that the main topic will not be the memories of war but the glories of peace."

Woolson served in the First Regiment, Minnesota Volunteer Heavy Artillery, and Salling spent most of his army career digging saltwater, in the caves and cliffs of southwest Virginia, to be used for explosives.

Of the three other veterans of the Confederacy, Commander Gough said that the oldest, Walter W. Williams, 110, lived in Robertson County, Texas, "so far back in the

backwoods that the woods gave out," Thomas Evans Riddle, 107, who helped bury the dead here 90 years ago, is in the Confederate Veterans Home in Austin, Tex., but his health is poor, and William Allen Lundy, 104, was hard to reach at his isolated home near Laurel Hill, Fla. Riddle fought at Gettysburg.

Salling had never talked on a telephone before, according to Gough.

## "Our Daughter Called to Say..."

she'd be home later than planned from the dance. That simple call eased our parental minds because we worry when she's late.

Now we wouldn't have to stay up wondering where she is . . . we won't grow frantic with visions of an accident.

Just a three-minute telephone call . . . yet worth so much to us.

It just proves that telephone service is a double bargain. The calls you receive are often worth even more than the calls you make."
